\*All classes are drop in unless otherwise specified

## Children

### Sing, Sign, Laugh and Learn

You and your child from birth to age three are invited to join us for songs, rhymes and signs! In this inclusive class, offered in collaboration with the Edmonton Early Intervention Program, parents/caregivers will interact one-on-one with their child while learning strategies to engage their child and enhance their child's communication and development through repetition, visuals and movement. **Ages birth to 3. NOTE: Registration recommended**

### STEAM Lab

Full STEAM ahead! From robot battles to hovercrafts to building your own games, discover all things Science, Technology, Engineering, Art and Math. You're invited to try new things and create stuff at this class for junior makers. **Ages 9 to 12.**

### 1 2 3 Sing With Me / 1 2 3 Chante avec moi

This storytime is designed for families interested in introducing French as an additional language in their children's early years. Children aged 0-3 and their caregivers are welcome to join us for music, stories, rhymes and movement. The class will be led in English but will be enriched by French-language songs and vocabulary sprinkled throughout. Venez chanter avec nous! **NOTE: Registration required. Register one person to reserve a spot for your family.**

### 3D Printing Club for Kids

Want to cruise down Edmonton's streets with a 100% personalized name plate for your bike? How about making a palm sized model of your dream house? Maybe you're interested in mars bases, game tokens, or a trophy to tell the world how awesome you are... the sky is the limit with 3D printing! In this class, EPL staff will guide you through designing a 3D printable model in TinkerCAD –we'll learn what works and what doesn't when designing for the 3D printing process and work on a project. EPL will 3D print each participant's design for free, making it available for pick up at your local branch. Mouse skills are strongly recommended for this class.

This class is unregistered and has a limit of 10 participants. **Ages 9 to 14.**

## Teen

### Teen Lounge

Join other teens to play video games, make a DIY project, meet friends or just hang out.

## Adult

### Family Centre Drop-In Counselling

Professional private and confidential counselling offered to individuals, couples/partners and families with a therapist from The Family Centre. Single sessions take up to 50 minutes and are offered on a first-come, first-serve basis, so please be prepared to wait or be referred to another location.

### Cricut 101

In this introductory class, learn the process for making a simple project on the Cricut. You'll learn the basics of creating designs, how to use the library's Cricut Maker, and how to assemble your project. Cricut 101 classes are not part of a series; each class will cover the essential information you need to use Cricut machines (currently available at the Stanley A Milner Library, Londonderry and the Abbottsfield branches) If registering as a family, please register only one person. Cricut machines and materials will be provided by the library.

**NOTE: Registration required**

### Book Clubs of EPL: We Have Always Been Here

Love reading? Love to talk about books you've read? Come join us for lively discussions on all types of fiction and non-fiction. We'll feature different titles and authors each month. Come and share your impressions, thoughts and interpretations of a book we have all read.

This month we will be reading *We Have Always Been Here* by Samra Habib. After registering for this event, please check your email for instructions on how to get your copy! **NOTE: Registration required**

### Sewing Projects!

Have you been looking for a new hobby, or maybe you've just started sewing and want to learn a new technique? You'll learn some introductory techniques for creating quilting blocks using a sewing machine. Join in and create a quilt with others at the Abbottsfield - Penny McKee Makerspace. Sewing machines are available to book at select EPL branches. Sewing Machine Certification is required to book the sewing machines beyond this class. Contact our branch if you have any questions. **NOTE: Registration required**

### Computer Skills: Introduction to Using Computers

This is a class for those who are new to computers including English language learners and seniors. You will learn about the types of computers, what computer parts are called, and how to use a mouse and keyboard. No prior knowledge is required. A laptop and mouse will be provided for this class. **NOTE: Registration required**

### Computer Skills: Introduction to Microsoft Windows

This is a class for those who are new to computers including English language learners and seniors. You will learn how to navigate a Windows desktop and file system as well as common Windows programs for everyday tasks. You should already know basic computer parts and terms, and how to use a mouse and keyboard. A laptop will be provided for this class. **NOTE: Registration required**

### Computer Skills: Introduction to Typing and Microsoft Word

This is a class for those who are new to computers including English language learners and seniors. You will learn typing basics, how to use Microsoft Word documents and basic formatting techniques. You should already know basic computer parts and terms, how to use a mouse, and how to launch a program in Microsoft Windows. A laptop and mouse will be provided for this class. **NOTE: Registration required**

### Computer Skills: Introduction to Browsing and Searching the Internet

This is a class for those who are new to computers including English language learners and seniors. You will learn about what the internet is, how to use a web browser, and how to browse and search the internet. You should already know basic computer parts and terms, how to use a mouse and keyboard, and how to navigate Microsoft Windows. A laptop and mouse will be provided for this class. **NOTE: Registration required**

### Computer Skills: Creating an Email Account

This is a class for those who are new to computers including English language learners and seniors. You will learn how to create an email account and what an email address can be used for. You should already know basic computer parts and terms, how to use a mouse, how to type, how to launch a program in Microsoft Windows and how to navigate an internet browser. A laptop and mouse will be provided for this class. You may need a mobile phone in this class for verification upon email set up. The mobile phone is recommended but not required. **NOTE: Registration required**
