Adult

Vocabulary Club: English Conversation Class

This program is perfect for people who are just starting to learn English. In this class, you'll discover everyday English words and how to use them. You'll practice using these words in conversations and other activities. We'll mainly focus on building your vocabulary, improving your speaking skills, and doing some simple reading.

Cricut 101: Certification

This class enables customers to book appointments on Cricut machines at select EPL branches. Completing this class will certify all participants over the age of 12 to book Cricut machines and vinyl cutters at EPL. Customers under 12 must be accompanied by a caregiver who is certified during Cricut bookings. In this introductory class, participants will learn how Cricut Design Space works and create a simple decal design using the Cricut Maker's blade and pen attachments.

This class only needs to be taken once as it will cover the essential information you need to start using Cricut machines on your own. Cricut machines and materials will be provided by the library. If registering as a family, please register only one person; you will be encouraged to share a computer.

NOTE: Registration required

Edmonton Writers Group Presents: Putting the Facts into your Fiction (and non-fiction too)

- The Edmonton Writers Group presents a series of 12 workshops on creative writing.
- This seventh session deals primarily with how the facts behind the fiction make the story both readable and a joy to read. Many stories will do some research, but gloss over well-known facts hoping that the reader will either ignore them, or won't notice them. We will look over various basic research techniques, where to start looking, and how to go about finding what you want.
- Participants should bring a notebook or laptop to class. Future sessions will build on those previously offered.

Writers of all experience and skill levels are welcome.
