Tech Time

Need some one-on-one tech help? Bring your device (or use one of ours) and come prepared with a tech-related question or challenge you would like to explore with a savvy staff member.

Tech Time is divided into three 20-minute timeslots that you can sign up for upon arrival. If you do not get a timeslot, you may put your name down on a waiting list in case we are ahead of schedule.

Some common topics are Microsoft Office programs, mobile device troubleshooting, setting up and navigating a new device, accessing e-books and other online library resources, creating a social media account, adjusting device settings, transferring files between devices, and managing files or photos.

We are unfortunately not qualified to fix a damaged device or replace components.

We also offer a series of beginner computer classes, called "Computer Skills," which are best for those without basic knowledge or who want to explore an entire topic rather than a specific question.

Make Tax Time Pay

e4c Make Tax Time Pay (MTTP) is a FREE tax filing program available to individuals and families the Edmonton area with low to moderate incomes.

This month, we are reading *Moccasin Square Gardens* by Richard Van Camp. **NOTE: Registration required**
