August Classes:

Children

Baby Laptime

Enjoy delightful stories, songs, books, rhymes, finger plays and more, especially for babies. Cuddle with your baby and connect with other caregivers. **Ages up to 12 months.**

Evil Genius Club

Full STEAM ahead! From robot battles to music to photography, enjoy all things Science, Technology, Engineering, Art and Math. You're invited to hang out, bring friends, try things and create stuff at this drop-in club for maniacal makers. **Ages 9 to 12.**

Lego at the Library

Calling all Lego lovers! Come to the library to design and build a Lego creation. Share your building tips and tricks with others. **Ages 6 to 12.**

Sing, Sign, Laugh and Learn

You and your child from birth to age three are invited to join us for singing, rhyming and signing! In this inclusive class, offered in collaboration with the Edmonton Early Intervention Program, parents/caregivers will interact one-on-one with their child while learning strategies to engage their child and enhance their child's communication and development through repetition, visuals and movement. Siblings are welcome.

Interested in attending with a group of children? Please contact the branch about early literacy classes more suited to groups.

Teen

Teen Lounge

Join other teens to play video games, make a DIY project, meet friends or just hang out.

Family

National PlayDay

Come and play with your child in an environment designed to stimulate their creativity! This fun-filled PlayDay, part of a worldwide play movement organized by the International Play Association, will allow children and their caregivers to experience the positive impact of play on a child's development. A variety of loose parts, materials and games will be available to spark your child's imagination.

Seniors' Drop-In

Have a coffee, meet other seniors, and join in some fun activities like playing cards, watching a film, listening to a guest speaker, or learning about resources in the Library or in your community.

Study Space

The program room is open to provide study space. Please check with branch staff for details.

DR. CHRIS NOWINSKI:

Solving the Concussion Crisis

September 17 | Chateau Lacombe Hotel
